DETAILED ACTION

EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Kenneth Ohriner on 1/18/08.

The application has been amended as follows:

In claim 45, line 8, before "the process", ---" an aqueous form in" ---has been inserted.

In claim 23, line 1, "20" has been changed to read "45".

Claims 20-22, 24, 33-36, 42-44, and 50 have been cancelled.

In the specification, page 1, paragraph 1, line 2, "pending" has been deleted, and ----"U.S. Patent No. 6,869,487"---- has been inserted.

Claims 45-49 and 23 are allowed.

The following is an examiner's statement of reasons for allowance: The prior art of record failed to teach a method of thinning at least one silicon wafer, comprising : placing the wafer into a process chamber; spinning the wafer; spraying a liquid including water onto the spinning wafer, with the liquid forming a substantially uniform liquid layer on the wafer; controlling a thickness of the liquid layer; providing hydrofluoric acid in the process chamber, with the hydrofluoric acid etching a silicon dioxide layer on a surface of the wafer; and providing ozone gas in the process chamber, with the ozone gas oxidizing a silicon surface of the wafer exposed by etching the silicon dioxide layer, and with the HF etching the oxidized silicon surface until the wafer is thinned to approximately 5 to 20% of its initial thickness as claimed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Zeinab E. EL-Arini whose telephone number is 571-272-1301. The examiner can normally be reached on Monday.-Friday.
